FREQUENTLY ASKED QUESTIONS & HELPFUL TIPS

What are some tips to prepare my family member with a cognitive disability for a trip to the Walt Disney World® Resort?

Advanced planning is strongly recommended for all Guests. This may be particularly important for Guests with cognitive disabilities who are preparing for a visit to the Walt Disney World® Resort. Given the very nature of our Theme Parks, Guests may experience sudden loud sounds and/or unexpected tactile sensations. They may be exposed to non-preferred sensory input. Some Guests with disabilities may find the overall experience overwhelming and benefit from a sensory break. We encourage you to review this Guide for suggestions on what you can do to plan prior to your trip as well as specific strategies that may be helpful while in the Theme Parks. Additional information can be found by visiting our website at www.disneyworld.com or by calling (407) 939-5277.

When should I purchase tickets and make park reservations?

It is recommended that Guests purchase their park tickets in advance online at www.disneyworld.com or by calling (407) 939-5277. Additionally, a reservation for a specific theme park must be made for each day of entry. We highly recommend that you make your park reservation as soon as you complete your ticket purchase, as availability can change until the reservation is finalized. If you have a multi-day ticket, you will be required to make a park reservation for each date of your visit.

Where is stroller/wheelchair rental?

If your group needs to rent a stroller, wheelchair, or ECV/motorized scooter for the day, proceed to the stroller/wheelchair shops located near the main entrance to each of the four Theme Parks, Disney Springs Marketplace and Water Parks.

Do you offer a Rider Switch if my family member with a cognitive disability is not able to ride a particular attraction?

Yes. If you have 3 or more Guests in your party, you may be able to take advantage of the attraction Rider Switch program that enables you to experience the attraction while another member of the party waits with the Guest who does not ride. You then “swap” to enable the other party member to enjoy the attraction without having to wait in the line again. For details and to use this service, inquire with the Cast Member at the attraction.

FREQUENTLY ASKED QUESTIONS & HELPFUL TIPS

What if my family member with a cognitive disability has difficulty tolerating extended waits in a conventional queue environment?

Guests with cognitive disabilities have several options to access our attractions including the standard queue, the Disability Access Service and DAS Advance, Genie+, and/or additional opportunities based on individual service needs. Guests are encouraged to learn about these programs in advance of their visit to determine which options are best for their family and to maximize their experience in the parks. Additional information can be found on **page 13** of this Guide or by visiting our website at www.disneyworld.com.

What should I do if my family member with a cognitive disability needs to remain in a stroller while in the attraction queues?

Visit the Guest Relations lobby location near the entrance at any of the four Theme Parks to receive a “stroller as wheelchair” tag to be placed on your stroller for easy identification by our attraction Cast Members.

Where can we go if my family member with a cognitive disability feels overwhelmed and would like a quieter area?

You can ask a Cast Member where the nearest quiet location is located. An example of a break area is First Aid located at all four Theme Parks and the Disney Water Parks. Please refer to **page 14** of this Guide for further suggestions.

Are restrooms readily available in the theme parks and do you also offer companion (sometimes called “family”) restrooms?

Yes, there are multiple men’s and women’s restroom facilities throughout our parks. We do also offer companion (family) restrooms in selected locations, including First Aid, which are listed in our park-specific Guides for Guests with Disabilities. These restrooms are larger than traditional restrooms and can be helpful if your family member with a cognitive disability needs assistance or requires that someone be with them in the restroom. Note that many of our restrooms use automatic toilet flushing equipment which can be loud.

How can I find out what each of the attractions at the Magic Kingdom® Theme Park, EPCOT®, Disney’s Hollywood Studios® Theme Park, & Disney’s Animal Kingdom® Theme Park are like? Is there a listing that outlines the various special effects in each as well?

Yes. Please refer to the “Walt Disney World Resort Attraction Details” which is a separate document on the www.disneyworld.com website.

It lists specific details about each attraction including the length of the ride and sensory experiences (smell/scents, flashing lights, loud noises, darkness, etc.). Additional information about our attractions can be found elsewhere on this website or by calling **(407) 939-5277**.

FREQUENTLY ASKED QUESTIONS & HELPFUL TIPS

How can I find out about food options/preparation methods for my family member with a cognitive disability who has specific dietary needs?

Most table service restaurants in the Theme Parks and Disney Resort hotels can accommodate many common special dietary requests, such as allergy-friendly items. Advanced requests can be made when booking your dining reservation. If you would like to discuss your special dietary requests during your visit to Walt Disney World® Resort, please ask to speak with the chef or a special diets-trained Cast Member at the restaurant.

Guests are also allowed to bring food items into the theme parks. Note that Cast Members are prohibited from storing, preparing, cooking or reheating any food brought into the Theme Parks. Additional information on special dietary requests, including policies, can be found by visiting our website at www.disneyworld.com or by calling (407) 939-5277.

TRIP PLANNING STRATEGIES

HOW TO PREPARE

1 Review this Guide. This Guide gives an overview of the parks and what to expect during your trip. Knowing what to expect is a key component of a successful adventure!

2 Use a visual schedule. There are many ways to create a visual schedule. We suggest starting with the activities that you know will occur, such as how you will travel to the Theme Parks, the time you plan on entering the Theme Parks, and/or the times of parades or shows you plan to view. Next, fill in the remaining times with possible rides or attractions. Use a question mark or change card to build flexibility into the schedule. Review the visual schedule with your family member before your visit so they have an idea of what to expect. If your family member with a disability works with a therapist, consider asking them for their advice.

The previous page of this Guide provides an overview of a possible timeline for a day of fun at one of the Walt Disney World® Resort Theme Parks. Go over this or a similar timeline with your family member so they can learn what to expect for the day.

3 Watch videos. Search www.disneyworld.com or other websites for video tours of the Theme Parks, including certain rides. You can also see some of the many Cast Members (employees) and characters your family may encounter during your trip.

4 Study the map. You can find comprehensive maps of all four theme parks at www.disneyworld.com. Review the maps and important landmarks with your family prior to your visit.

Choose a place on the map to meet in case you are separated. Be sure your family member is aware of the location and show it to them once you arrive. . Continue to emphasize the importance of staying close together at all times.

5 Practice waiting in line. Waiting in line can be a big part of the Walt Disney World® Resort Theme Parks experience. If you can, practice waiting in lines at the grocery store, ice cream shop, etc. Talk with your family member about waiting in line, and consider using a social story if suitable.

6 Check the forecast. The weather in Central Florida often has inclement weather, including sudden thunderstorms and rain showers, particularly in the afternoon during the summer months. If your family member with a disability is sensitive to lightning and thunder, consider visiting the Theme Parks during the morning or evening, and check the forecast ahead of time.

Please note that certain rides and attractions may be unavailable, including due to inclement weather. Guests who are unable to access their reservation for a ride or attraction because of inclement weather will receive a special pass good for the remainder of the day.

TRIP PLANNING STRATEGIES

WHAT TO BRING

- 1 **A bracelet or nametag** with your family member's name, a contact number for you, and any other important things to know about your family member.
- 2 **Ear plugs or headphones.** The parks can be very noisy in certain places. There might be fireworks or announcements on loud speakers. If you choose to go on fast rides, the sounds from the fellow riders may scare your family member.
- 3 **A favorite device or activity.** Bring your family member's tablet, video game, comic book, or anything else you think might distract them and keep them occupied during any periods of waiting.
- 4 **Reinforcers for good behavior.** Trips to the parks can be long, so items that motivate your family member will be helpful in reinforcing good behavior so your family is able to enjoy a full day of fun!
- 5 **A sensory toy, like a stress ball or other calming item.** If your family member experiences sensory overload, the sights, sounds, smells and commotion could become an issue.

TRANSPORTATION & GETTING AROUND

There are many ways to get to Orlando and the Walt Disney World® Resort, including motor vehicle, airplane, or train. Once at the Walt Disney World® Resort, there are several ways you and your family may get to and access the Theme Parks and other areas.

DRIVING

If your family is driving to our theme parks each day during your stay, you will be directed to a parking lot. After parking, make note of the section name and row number your vehicle is in. You will then be able to walk to the main entrance area.

COMPLIMENTARY DISNEY TRANSPORTATION

Complimentary transportation is available throughout the Walt Disney World® Resort, including to and from Theme Parks, to Guests staying at select Walt Disney World® Resort hotels. You and your family can take in the sights from a bus, ride high in the sky aboard our world-famous Monorail, travel by aerial gondola for a bird's-eye view of various locations, or embark on a boat ride-and enjoy transportation that delivers you from your Disney Resort hotel to the Theme Parks and beyond.

BUSES

Most areas throughout the Walt Disney World® Resort, including Disney Theme Parks, Disney Water Parks, Disney Resort hotels and the Disney Springs Area, are accessible by bus. Some bus routes may require transfer from one bus to another.

Guest staying at a Walt Disney World® Resort hotel can ask the front desk for the bus schedule. You may experience a wait at the bus stop, including during certain times of the day (e.g., early morning when the Theme Parks open).

FERRYBOATS

Magic Kingdom® Theme Park is accessible by boat from Disney's Grand Floridian Resort & Spa, Disney's Polynesian Village Resort, Disney's Ft. Wilderness Resort and Campground, and Disney's Wilderness Lodge. Ferry boats connect Magic Kingdom® Theme Park and the Transportation and Ticket Center. EPCOT® and Disney's Hollywood Studios® Theme Park are accessible by boat from Disney's BoardWalk Inn and Villas Resort, Disney's Yacht Club & Beach Club Resorts, and the Walt Disney World® Swan & Dolphin Hotels. The Disney Springs Area is accessible by boat from Disney's Port Orleans Resort-French Quarter & Riverside, Disney's Old Key West Resort, and Disney's Saratoga Springs Resort.

Guests staying at a Disney Resort hotel can ask for a ferryboat schedule at the front desk.

TRANSPORTATION & GETTING AROUND

MONORAIL

Originally conceived as a public transport for the future, the Walt Disney World® Monorail System has three separate beams that travel throughout the Walt Disney World® Resort. The first makes stops at the Transportation and Ticket Center, Magic Kingdom® Theme Park, Disney's Contemporary Resort, Disney's Grand Floridian Resort & Spa, and Disney's Polynesian Village Resort. Beams two and three offer express round-trip services to the Magic Kingdom® Theme Park and EPCOT® originating from the Transportation and Ticket Center.

Keep in mind you may experience a wait if boarding the monorail, including at certain times of the day such as after the fireworks or at park closing. You may also experience a wait or delays for other reasons (e.g., due to inclement weather), and you may be encouraged to disembark the monorail and use a different form of transportation.

DISNEY SKYLINER

Take to the skies—travel by aerial gondola for a bird's-eye view of various locations around the Walt Disney World Resort®!

Glide across the sky and add an extra dash of pixie dust to your day. This grand, state-of-the-art gondola system conveniently connects Disney's Hollywood Studios® Theme Park and the International Gateway at EPCOT® to the following Disney Resort hotels:

- Disney's Art of Animation Resort
- Disney's Caribbean Beach Resort
- Disney's Pop Century Resort
- Disney's Riviera Resort

Disney Skyliner is a great way to travel between International Gateway at EPCOT® and Disney's Hollywood Studios®. Please keep in mind—if you are parked at EPCOT® and the park is closed, not be able to walk through the park and will need to use bus transportation to return to your vehicle.

Plus, the Disney Skyliner station at International Gateway at EPCOT® is conveniently located just a short stroll away from Disney's BoardWalk entertainment district, Disney's Yacht Club Resort, Disney's Beach Club Resort and Disney's BoardWalk Inn.

Whimsically Themed Gondolas

Travel in style in a themed gondola featuring magical Disney touches and details. Some of the gondolas are adorned with iconic Disney Characters, figures from Disney attractions and film favorites.

PARK ENTRANCES & WHEN YOU ARRIVE

SCREENING AREAS

Before entering the Theme Parks, you will pass through a Security screening area and might be asked to have personal items checked and pockets emptied. Depending on the length of the line, your family may experience some waiting.

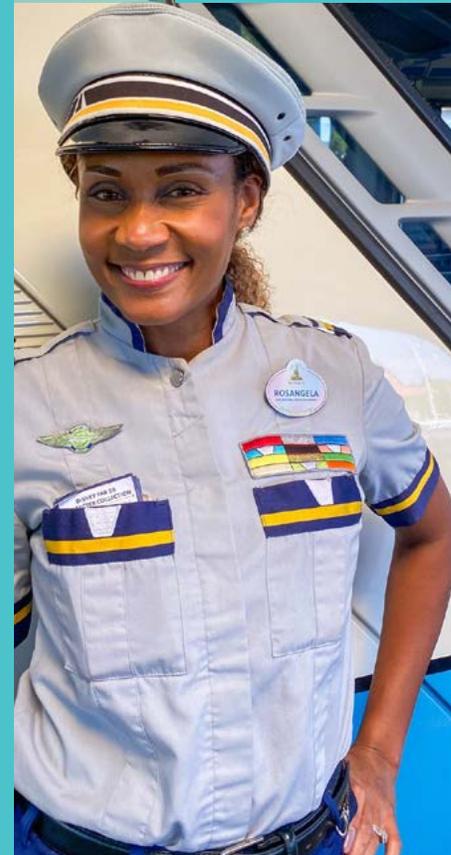

MAIN ENTRANCE

Once your personal items have been checked, you will be in the main entrance area of one of the four Theme Parks. At EPCOT®, Disney's Hollywood Studios® Theme Park, and Disney's Animal Kingdom® Theme Park, this is also where your family can purchase tickets if needed. At the Magic Kingdom® Theme Park, tickets may be purchased at either the Guest Relations Window to the right of the main entrance or at the Transportation and Ticket Center prior to boarding the ferryboat or Monorail. We strongly encourage all Guests to purchase tickets in advance at www.disneyworld.com or by calling (407) 939-5277. Please note that a theme park reservation may also be required for admission and may not be available on your desired date(s).

THEME PARK ENTRANCES

With your park tickets in hand, around your wrist if you're using a MagicBand, or on your smartphone if using Disney MagicMobile pass, your party can then proceed to the entrance gates of the theme park. Depending on the length of the line, your family may experience some waiting. When it is your turn, you can hold your MagicBand, Disney MagicMobile pass, or ticket media up to the touch point sensor or have the Cast Member/employee working the line assist you. Depending on the type of ticket you have, each family member may also be asked to scan their index finger. Just inside the entrance at all four theme parks is the stroller, wheelchair, and ECV/mobility scooter rental shop where you and your family can rent a device for the day, subject to availability. For your convenience, all four Theme Parks also have locker rentals just inside the entrance.

CAST MEMBERS

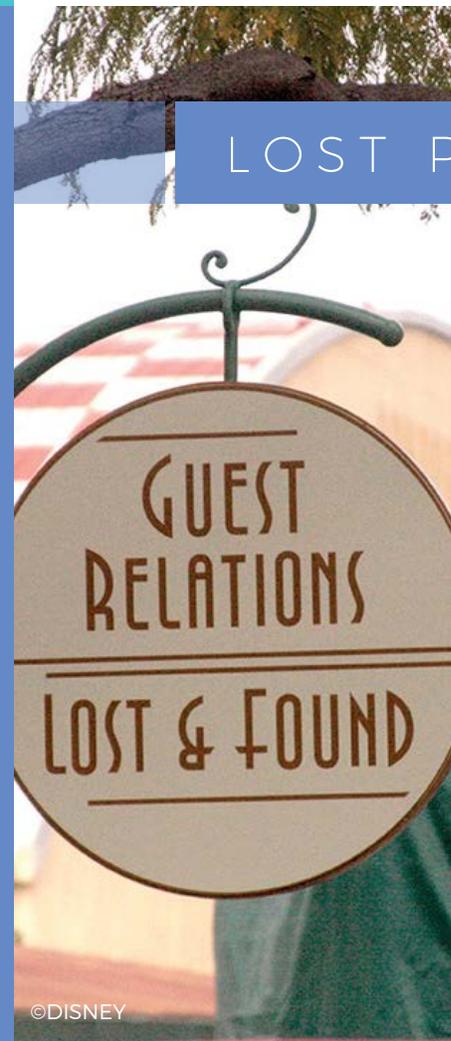

When your family arrives at the Walt Disney World® Resort, you will meet the friendly Disney employees who are called "Cast Members".

The term "Cast Member" was coined by Walt Disney himself and pays homage to the name given to those performing in a show or in a movie. Cast Members are easily identified by their nametags which also highlight their hometown. All our Cast Members are trained to assist in answering questions and providing directions.

In the event a member of your party gets lost, have them find a Cast Member for assistance (please refer to the section below for further information).

LOST PERSONS/IF YOU GET LOST

All children and persons with disabilities who may need assistance should be taught to immediately ask a Cast Member for help if they become lost or separated from their family. You may also consider making a nametag for your family member that includes their name as well as a family member's name and mobile phone number. This is especially recommended if your family member with a disability is not able to easily communicate with unfamiliar people.

If a lost person is not immediately reunited with their party, a Cast Member will escort the Guest to the designated lost persons/children location in each Theme Park.

Consider taking a photo of the members in your party on the day of your visit (especially if your family member with a cognitive disability has a tendency to wander off) on your mobile device. This photo can be very helpful in the event someone in your party becomes separated.

ACCESSING ATTRACTIONS

The Theme Parks offer a wide variety of great rides and shows, and Guests with cognitive disabilities have several means of access available to assist in creating magical and memorable experiences.

The Disability Access Service (DAS) is designed for Guests who have difficulty tolerating extended waits in a traditional queue environment due to their disability. Depending on a Guest with cognitive disability's individual service needs, additional opportunities may be available.
